The screenshot shows the REScoop EU website. At the top left is the logo with icons for a sun, wind, water, and a plug. To the right are links for 'Login' and 'Contact', and a search bar. A navigation menu below the logo includes 'Members', 'Starters', 'Policy Makers', 'European Projects', and 'News'. The main content area features a video player titled 'What is a REScoop? (video)'. The video thumbnail shows a hand pointing at a play button over a desk with a computer and a chair. To the right of the video is a yellow sidebar with the heading 'Support energy democracy'. It contains two columns: 'Already Registered' with a 'Login' button, and 'New to Rescoop.eu' with a 'Register' button. Below these are four bullet points: '1. Download member reports', '2. Promote your REScoop', '3. Learn from other initiatives', and '4. Publish your events on our calendar'. Below the video player, a text block explains that REScoop stands for renewable energy cooperative and describes the business model of citizen participation in renewable energy projects.

The screenshot shows a YouTube video player. The video title is 'REScoop - The energy transition to energy democracy'. The channel name is 'REScoopVideos' with a 'S'abonner' button and '100' subscribers. The video has '3 232 vues' (views). The video player shows a thumbnail of a blue and yellow Earth with dark clouds. The video progress bar is at 0:04 / 3:29. Below the video player, there are options to 'Ajouter à', 'Partager', and 'Plus'. The video was added on '25 mars 2015'. The description below the video states: 'As a summary of the philosophy behind the REScoop movement, the REScoop 20-20-20 project produced a short animation video that uses the case of the Greek island of Sifnos as a metaphor for the rest of Europe. Indeed, one of the objectives of this three-year project (2013-2015) was to document and promote some of the great solutions and examples of citizen mobilization around Europe to address the challenge of energy'.
